## Commercial - Technical Data

Anruda Internal Quality Standard Requirements, Version 2025-A

### Basic test information

|                    |               |                     |              |                                                                                     |           |
|--------------------|---------------|---------------------|--------------|-------------------------------------------------------------------------------------|-----------|
| Sample Information | Card No.:     | 202609192133002     | Sample Photo |  |           |
|                    | Material:     | A2133               |              |                                                                                     |           |
|                    | Color:        | Dark Purple         |              |                                                                                     |           |
| Type of Test       | Internal Test | Sample Receipt Date | 2026.9.18    | Report Issue Date                                                                   | 2026.9.19 |

| Test Item                        | Test Method                                        | Specification Requirement                                             | Test Result                                      | Assessment |
|----------------------------------|----------------------------------------------------|-----------------------------------------------------------------------|--------------------------------------------------|------------|
| Fibre Content                    | ISO 1833-20:2018                                   | /                                                                     | 68.0% Nylon<br>32.0% Spandex                     | Pass       |
| Color Fastness to Rubbing        | ISO 105-X12:2016                                   | Dry ≥ 4<br>Wet ≥ 3-4                                                  | Dry: 4-5<br>Wet: 4-5                             | Pass       |
| Pilling Resistance               | ISO 12945-2:2020                                   | ≥ 3-4                                                                 | 4-5                                              | Pass       |
| Dimensional Change After Washing | ISO 3759:2011<br>ISO 6330:2021 4N<br>ISO 5077:2007 | (-3.0% ~ +1.0%)<br>(+) indicates extension<br>(-) indicates shrinkage | Wale direction: -1.2%<br>Course direction: -0.2% | Pass       |
| Formaldehyde Content             | ISO 14184-1:2011                                   | Not Detected                                                          | Not Detected                                     | Pass       |
| pH Value                         | ISO 3071:2020                                      | 4.0-7.5                                                               | 6.2                                              | Pass       |

### Certifications

### Note / Notes:

We recommend testing each dyebath before any treatment or application other than cutting and sewing.

To improve our products, we reserve the right to modify these, as and when necessary.
